

# ILLUMINATED SIGNAGE

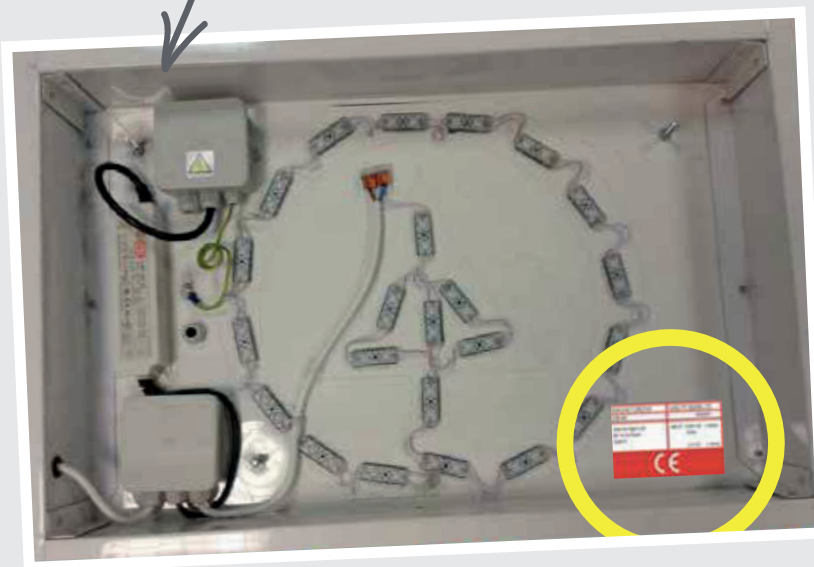

# The Rules

- 1) Any sign with an electrical element must be CE marked.  
It is a Gaelite requirement whether the client requests it or not.
- 2) It must be accompanied by a CE Declaration of Performance and a CE Label.
- 3) The CE mark must accompany the sign.

# Examples of low voltage items

2014/35/EU Low Voltage (LVD)

## Did you know...

Gaelite is leading the way within the signage industry in Ireland. We are the first to implement the CE electrical certificate on signage.
